

neat.board

Zoom-in-one.

Neat Board is the complete Zoom Rooms package in a sleek all-in-one device. With an immersive 65-inch multi-touch screen, powerful audio system, and versatile wide-angle camera, Neat Board ensures you see and hear everything beautifully. For a Zoom Rooms experience beyond video meetings and wireless content sharing, Neat Board enables annotations and whiteboarding, and comes with Neat Marker, meaning you don't have to touch the screen with your fingers.

Simple set-up.

Neat Board is remarkably easy to install and set-up. Everything you need is included in the box. It comes with a table stand, 5m ethernet cable, 3m power cord and a pair of Neat Markers, so two people can sketch or write annotations at the same time. Additionally, you can buy a customized Neat wall mount or floor stand, and if required, wheels for the floor stand, giving you freer mobility between rooms.

Just works.

Neat Board responds to your presence and automatically wakes up the moment you walk in the room. Just one tap and you can wirelessly share your screen, start a meeting or mark something up. The large multi-touch screen is perfect for taking notes, organizing thoughts and providing quick visual feedback, whether people are right there in the room or on video. What's more, you can add Neat Pad as a controller to start your meetings, hit mute and more without having to get up, or as a scheduler for optimal room management, taking your Neat Board system to a whole other level.

Managed and supported by Zoom.

Neat Board removes complexities and threats thanks to it being a secure, single-purpose hardware device, so less stressing about passwords and patches. Neat Board empowers you to upgrade everything from your Zoom account and is your single point of contact for support.

Advanced features for safer rooms.

Neat Board incorporates a wealth of unique features. Aside from Zoom Direct Share WiFi capability, you can seamlessly share both audio and visual content via an HDMI cable. Neat Board instinctively frames you perfectly too, and then auto releases the room when you leave. Plus, thanks to Neat Sense, it enables you to monitor meeting spaces, which can lead to significant health benefits for employees. Neat Sense helps you control and keep track of air quality, humidity, CO2 and VOC. Also, whether or not there are people in a room and if so, how many. That way, you can be sure of maintaining safe social distancing at all times.

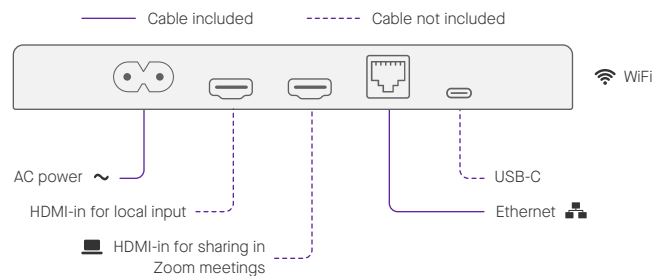

Table stand is included with every Neat Board.
Wall mount and Floor stand are optional.

Add Neat Pad as an additional controller and scheduling display.
