

neat.pad

One touch. Two roles.

Neat Pad is a simple and elegant touch screen you can use as a controller inside any meeting room or scheduling display outside any meeting room. With its sleek design, including ideal screen angle for smooth interaction and viewing, Neat Pad beautifully blends in anywhere, whether placed on a table, wall or mullion. Thanks to just one Power over Ethernet cable, Neat Pad never runs out of battery either. It's always on, ready for you to leap into action.

Simple set-up.

Neat Pad ships with a wall and side mount, so it's easy for anyone to install and set up. Use the wall mount to fix Neat Pad to your meeting room wall as a controller or outside your meeting room as a scheduling display. Apply the side mount to attach Neat Pad to the edge of your doorframe or mullion.

Just works.

As a controller, Neat Pad enables you to quickly start meetings and share your screen with just one tap. It also lets you invite participants, mute them if necessary or record everything. And when connected to a third-party meeting room system, it not only replaces a conventional tablet controller but offers superior features.

Scheduling display.

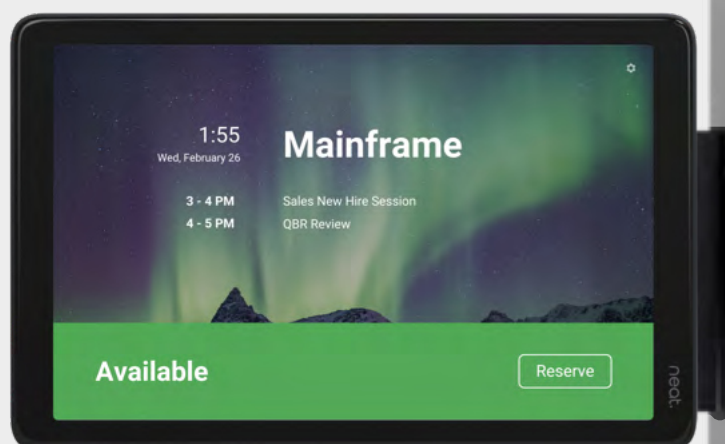

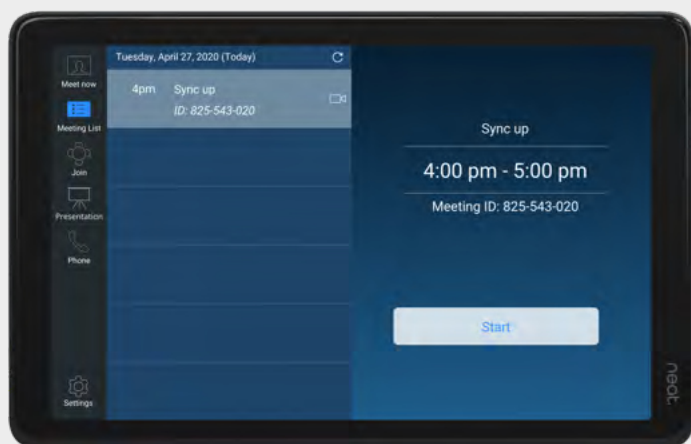

In scheduling mode, you can install Neat Pad outside your meeting room for optimal room management. It lets you instantly book the room without having to go through your other calendar systems, and integrated LED indicators show room availability at a glance, even from down a corridor.

Safer meeting rooms.

Thanks to Neat Sense, Neat devices enable companies to offer significant health benefits to their employees, which in today's new normal of having to take ever-increasing protective measures against COVID-19 can be a huge relief. Neat Sense helps you control and monitor air quality, humidity (healthy indoor humidity levels are between 30-50%). Flu viruses can spread quickly due to poor indoor humidity), CO2 and organic chemical levels in the room – scents, odors, etc. Also, whether or not there are people in a room and if so, how many. That way, you can be sure of maintaining safe social distancing at all times.

Tap “Start” for a seamless joining experience from any Zoom Room.

Add a scheduler to show meeting events from outside any meeting room.

Neat Pad

- 8-inch (diagonal) touch screen
- Anti-glare, anti-smudge coating
- Side LED Indicators
- 2 microphones*
- Wall mount & side mount
