Ultra Stretch

Signage Solutions

For the Ultra Stretch Signage Displays

Optimise your dynamic digital content with Peerless-AV's exclusive solutions for the LG Ultra Stretch Signage 86BH5C display. The stylish portrait totem kiosk models, for single to quad displays, accentuate the sleek look of the one-of-a-kind Ultra Stretch display with its slim profile and curved design. The wall mount solution can be installed in both portrait and landscape orientations for the ultimate versatility. Ideal for a wide array of applications, including transportation terminals, retail stores, commercial offices and visitor attractions the Portrait Kiosk and the low-profile wall mount are the ultimate digital signage solutions.

Wall Mount - Landscape/Portrait

- Versatile flat-to-wall solution can be mounted in either Landscape or Portrait orientation
- Low profile design mounts display just 24.5mm (0.96") from the wall for a discreet installation
- Easy hang wall plate saves time and reduces cost
- Display adaptor plate simply hooks onto the wall plate for a quick and easy installation

LG-WMF86BH

Technical Specifications					
	DISPLAY SIZE	DIMENSIONS	MOUNT WEIGHT	VESA PATTERN	MAX WEIGHT
LG-WMF86BH	Dedicated	818 x 222 x 24.5mm	12lb (5.3kg)	600 x 200mm	45lb (20.5kg)

Totem Kiosk - Single To Quad Display

- Specifically designed to accommodate the LG Ultra Stretch Signage 86BH5C the totem kiosk is also available to hold one, two, three or four displays
- Arrives fully assembled to simplify installation of components and reduce set-up time
- Minimalistic, curved design accentuates the digital content and fits into any retail, commercial or hospitality setting
- Opening in base to route electric and data cables and media players
- Thermostat fan exhausts heat and runs virtually unheard - approximately (44dB)
- Radius corner base covers the four low profile rubber coated casters, which allows the kiosk to be maneuvered easily
- Four adjustable padded feet stabilise the kiosk on uneven surfaces
- Supports a wide range of aesthetic options, including multiple colors to best match the environment or promote brand strategy
